

FALKLAND ISLANDS

ESSAYS, PROOFS AND COLOUR TRIALS

1912-13 KING GEORGE V - DIE PROOFS

Between 24 January 1912 and 23 September 1913 a few die proofs were produced, all in black.

Besides the undenominated designs, only the high values (3/- to £1) were produced.

3/- die proof in black on white paper, dated 27-3-12 on the back. (C)

DE LA RUE

ESSAYS, PROOFS AND COLOUR TRIALS

1913 KING GEORGE V 1/2d. - PAPER TRIALS

These experimental paper trials were part of De La Rue's work to provide a source of coloured papers for the Crown Agents. Only the 1/2d. plate was used and it is known on white, yellow and blue surfaced papers with white backs.

FALKLAND ISLANDS

ESSAYS, PROOFS AND SPECIMENS

1922 KING GEORGE V - PRINTERS SAMPLES

In 1922 De La Rue made up sample books for the use of their salesmen. The Falkland Islands stamps selected were the 2d. and 10/- values.

The 2d. exists imperforate and overprinted SPECIMEN but also perforate and imperforate without Specimen overprint.

The 10/- exists perforate and imperforate, both with SPECIMEN overprint.

FALKLAND ISLANDS

SOUTH GEORGIA

1928

1928(7-22 February) "2 1/2D" on Two Pence

Towards the end of January 1928, whilst whaling operations were in full swing, there was a sudden and unexpected demand on the part of at least one of the whaling factories for an unusually large quantity of 2 1/2d. stamps, which exhausted the current supply of that value, and decreased the 1/2d. stamps in stock to well below the margin of safety required for current use, eventually resulting in the exhaustion of the stock. As mail was shortly due to leave something had to be done, so authority was sought from Port Stanley to meet this emergency, and by telegram dated 25 January 1928 the surcharging of the current 2d. stamp was authorised from Stanley. (1 179 surcharged)

A. G. Nelson Jones Esq.,
Church St,
Ebbw Vale Monmouth.

FALKLAND ISLANDS

SOUTH GEORGIA

1928

"2 1/2D" on Two Pence - VARIETIES

SURCHARGE PARTIALLY DOUBLE, the result of the difficulty in using the small surcharge handstamp.

A poor strike was applied first, showing parts of the surcharge only, so another complete strike had to be applied.
